LES India

LES India is the national LES society in India [organized as a not-for-profit company] organized to:

- Foster global best practices in India for transfer and licensing of technology and industrial or intellectual property rights
- Present the Indian perspective to the world on transfer and licensing of technology and industrial or intellectual property rights

LES activities in India are broadly as follows:

- Encourage high professional standards in the transfer and licensing of technology and industrial or intellectual property rights.
- Empower its members to improve their skills and techniques in licensing through self-education, the conduct of special studies and research, the sponsorship of educational meetings, the publication of statistics, reports, articles and other material, and the exchange of ideas related to domestic and foreign licensing.
- Inform the public, international bodies, governmental bodies, and the business community concerning the economic significance of licensing and the high professional standards of those engaged in the licensing profession.
- To make available to its members the latest, most accurate, information on licensing
